How to calculate a "fee free" event!

Anticipate your typical credit card donation totals from previous events, multiply this total by our fee rate found on our fee schedule, this amount will be your total event fee.

Take your total fee and divide by \$300 or \$400 or \$500 to arrive at how many company sponsorships are required to have an "fee free" event!

Ex: Your event typically has \$20,000 donations.

Assume a fee 9% with fee amount \$1,800.

Shoot for 5 company sponsorships at \$400.00 each= \$2,000!

OR 4 company sponsorships at \$500.00 each=\$2,000!

**The above outline and \$\$ amounts are just a suggestion,
edit/customize to fit your organizations event.**

Although business logos can be entered at any time, logs should be provided about 1 week prior to start/launch of your donation site. DO NOT ENTER COMPANY SPONSORSHIP MONEY INTO YOUR DONATION SITE, PAYMENTS SHOULD BE CHECK OR CREDIT CARD DIRECT TO YOUR ORGANIZATION.
